They shall be regularly reviewed for safety and efficiency.) the following information summarises the banking arrangements of Melksham Without Parish Council:

- (i) The payment of income into the Bank shall be undertaken regularly (usually weekly) subject to necessity:
- (ii) When a new Council comes into Office, bank mandates will be updated within 3 months:
- (iii) A balance sufficient to avoid bank charges being imposed will be maintained within the Current Account.

## **2. Investment Strategy**

2.1 Introduction:

The strategy has been produced and complies with the guidance issued by the Secretary of State under Section 15(1) (a) of the Local Government Act 2003 and being effective from 1<sup>st</sup> April 2018.

Melksham Without Parish Council acknowledges its responsibility to the community and the importance of prudently investing the temporary surplus funds held on behalf of the community.

2.2 Objectives:

The general policy objective for this Council is prudent investment of its balances. The Council's investment priorities are:-

- (i) the security of its reserves
- (ii) the liquidity of its investments
- (iii) the yield obtained from any investment.

The Council will aim to achieve the optimum return on its investments commensurate with proper levels of security and liquidity.

2.3 Policy:

All the Parish Council's investments will be those offering high security and high liquidity. This means that:-

- (i) All investments will be made in sterling and any payments or repayments will also be made in sterling.
- (ii) All investments will be short term investments which will not exceed a maximum of twelve months.
- (iii) Before investments have reached their 12-month maturity term and it is in the Council's best intention to continue with the fund by having a roll-on investment, a review will take place on the eleventh month of every year of the duration of the fund.

- (iv) All investments will be made in UK banks and building societies.
- (v) The Council will monitor the risk of loss on investments by review of credit ratings on a regular basis.
- (vi) The Council will only invest in institutions of high credit quality – based on information from credit rating agencies (as defined).

For prudent management of its balances, the Parish Council, maintaining sufficient levels of security and liquidity, will adopt a policy whereby funds which are likely to be surplus for up to three months can be invested in short term deposits with one or more of the UK major clearing banks and/or building societies.

The Department of Communities and Local Government maintain that borrowing of monies purely to invest, or to lend and make a return is unlawful and the Parish Council will not engage in such activity.
